March 2020

36th Annual Governors Safety & Health Conference and Exposition

"Partners in Safety and Health" is the theme of the 36th Annual Kentucky Governor's Safety and Health Conference and Exposition. Safety Professionals are invited to partner for the safety and health of all those who work in the Commonwealth of Kentucky. Kentucky's premiere safety and health conference provides opportunities for training and networking through a wide variety of pre-conference training sessions, workshops, keynote speakers, general sessions, and an exhibit hall that showcases the latest products and services in safety and health.

Date: May 4-7, 2020
Location: Galt House, Louisville, KY

<https://www.kentuckysafetyconference.org/>

Stop by the Louisville Chapter ASSP booth to learn about the benefits of professional membership and involvement!

Thank You from Norton Children's Hospital

On behalf of the patients at Norton Children's Hospital,
thank you for your very thoughtful donation.

Each child we serve has not only unique medical needs,
but also a story — a life story — that's about more than
a medical diagnosis. Donations like yours make this chapter
in all our patients' stories much brighter.

Thank you again for being a part of our
Norton Children's Hospital team that's "Just for Kids!"

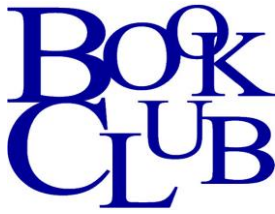

With heartfelt gratitude,
Children's Hospital Foundation

Safety Differently Book Club

There have been extraordinary advances in safety management theory and practice, with new ways to approach safety and become more effective in preventing people from getting hurt. Sadly, very few safety professionals know enough to actually put these tools and theories into practice. The Safety Differently Book Club looks to change that. There is no charge to attend the Louisville area Safety Differently Book Club. The first meeting will be held at Story Louisville in NULU. There is no charge for the meeting, but registration is required prior to the meeting. Again, this is a FREE event. Anyone interested can fill out the survey linked in the Book Club icon and they will be notified when a date and time have been finalized.

Recent Meeting(s)

Proactive Ergonomics for Your Business: Sarah Spiker is currently a Project Lead at Sandalwood Engineering and Ergonomics. Sandalwood is a consulting firm that provides services throughout North America and focuses on risk reduction at work as it relates to quality, productivity and employee health. Sarah spoke of a proactive ergonomics program that receives support within the business units i.e. HR, Engineering, EHS, Operations etc., and is better equipped to manage and prevent ergonomic injuries from happening.

A Message from Matthew A. Summers

Current Officers need to contact Matthew by Sunday at 6pm, March 8th, 2020 to state interest in running for the upcoming election!

WISE Chat with Courtney

Grab yourself a coffee and dial-in to chat with [Courtney D. Lewis](#) on current and future safety challenges affecting women in the workforce locally, nationally and globally. This will be an open discussion to connect with like-minded safety professionals and support the inclusion and advancement of women within the safety industry. [Click here for dial-in](#) information of the March 24th event!
